

Families created by adoption struggle with a wide range of challenges, including family/social adjustment, lying, stealing, aggression, sexual acting-out, and various emotional and behavioral difficulties. Many children experience peer problems, poor performance in school and moderate to severe attachment difficulties. We are here to help parents and their children address these concerns.

## ADOPTION IS A LIFETIME PROCESS

Metropolitan Family Services' Adoption Support and Preservation Program employs clinical social workers and counselors to work with families in home, office and community settings. These services provide the support, tools and linkage to resources that preserve families and create a brighter future.

## ABOUT METROPOLITAN FAMILY SERVICES

Metropolitan Family Services empowers families to learn, to earn, to heal, to thrive. Part mentor, part motivator, part advocate, Metropolitan provides a wide variety of programs and services designed to strengthen families and help them realize their full potential. In 2019, we reached more than 93,000 people across the city and the suburbs.
